Guest rooms are comparable in each of the three areas with irons, ironing boards, ceiling fans and wall safes as standard features. As was done last year, Focus will maintain a roommate bulletin board on its website www.foocus.com/roommates.php. Visit this site to see a list of people looking to share a room and save even more money.

BY AIR - The Orlando International Airport has 12 airlines serving 86 markets and sees 404 daily airport arrivals and departures. In the past, numerous airlines offered group discounts for people traveling to conferences by air. In the last year, however, most have *stopped* offering group discounts. Of the few remaining airlines that still offer discounts, Focus has found that the discounts are miniscule at best and that attendees almost always obtain less expensive rates simply by shopping around and by reserving early. We provide below, a list of airlines that fly into Orlando. The ones printed in red **are** offering a discount to Focus attendees. To obtain the best rates shop around and most importantly, reserve your tickets *early*.

VOLUNTARY DONATION: ___ Focus may charge my credit card an additional \$5 as a donation to this year's charity, *The Fisher House Foundation*. This charity recognizes the sacrifices of our men and women in uniform and the hardships of military service by meeting a humanitarian need beyond that normally provided by the Departments of Defense and Veterans Affairs. There is at least one Fisher House at every major military hospital in the U.S. to assist families in need and to ensure that they are provided with the comforts of home in a supportive environment. Annually, the Fisher House program serves more than 10,000 families. This charity was chosen by FOCUS not only because it is an excellent cause, but because it was highlighted by *Charity Navigator*, the nation's largest independent evaluator of charities, whose professional analysts gave it their highest, 4-star rating as one of their top ten, most well-run, most efficient charities in the nation in terms of financial management and organizational efficiency. Please give generously keeping in mind that FOCUS will match all donations made by its attendees at the conference.
