Sleep Tech/PSGT

RPSGT and Scoring experience required

ginnyfutch@meridianhg.com

Meridian is a national provider of respiratory services including hospital department management, outpatient pulmonary rehab, sleep labs, pulmonary function labs and skilled nursing facilities. Meridian seeks an energetic, self-motivated sleep technician with scoring experience for a full time position in a busy 4 bed lab in Conway, SC. Conway is just 10 short miles to beautiful Myrtle Beach. Duties: Performs various polysomnograms and other sleep disorder tests as needed under the direction of the Sleep Lab Medical Director. Assists in the scheduling process as needed to assure patients are scheduled, insurance authorization complete, and patient attends study. Scores studies and reports data from various studies and reports this information to the physician. Responsible for CPAP titration and oxygen therapy when applicable. Maintains performance improvement activities within the Sleep Lab and participates in CQI activities. Assists the formulation of the operational budget as needed.
